# Phreesia collects copays and patient balances!

Phreesia is the convenient way to collect and track patient payments.

## Increase revenue

Collecting money from patients is challenging, so let Phreesia take care of it for you.

- \* Phreesia automatically calculates the correct copayment for each visit and collects patient balances
- \* Improve cash flow by collecting more payments from patients before they leave the office
- \* Maximize your collections by accepting all major credit, debit, FSA and HSA cards with Phreesia

## Expand patient self-service

Every patient is prompted to securely pay his or her copay and open balance on the PhreesiaPad.

- \* Patients swipe their credit or debit card in privacy on the PhreesiaPad during check-in
- \* Receipts print automatically after patients have provided their electronic signatures
- \* Staff don't have to look up copays, chase down patient balances, or manually process payments

## Get straightforward flat fee pricing

Eliminate confusing statement and support fees, credit card costs, terminal rentals and extra phone lines.

- \* A flat transaction fee – regardless of card type
- \* Payments are automatically deposited into your bank account within 48 - 72 hours
- \* Staff can also process, void, refund, and track payments in the Practice Portal
- \* Replaces or works alongside existing credit card processors
